What About Those  
Railroad Underpasses,  
Mr. Missouri Pacific

An editor's "Miscellaneous" file is never cleaned out until it's so jam-packed full that traffic is stalled, which happened last night — and while making the big cleanup I found some intriguing correspondence.

This goes back to December 1952. It seems that I wrote an editorial that month calling attention to two things:

1. When the present underpass was constructed on Hervey street the Missouri Pacific built it with a dangerous middle-of-the-street pier, jutting the shortage of structural steel during the war, and promising to eliminate the pier after the war. More than 10 years have elapsed and that dangerous center pier is still in the middle of Hervey street.

2. Hope badly needs a second underpass on the east side of town, where frequent street-blocking by railroad traffic cuts off the industrial section from the business district and the fire station. What does the Missouri Pacific have to say about this?

Both matters, my correspondence shows, were brought to the railroad's attention in December 1952 — 17 months ago — since when there has been a deafening silence.

Well, what about it?

The Missouri Pacific is preparing to come out of 20 years of receivership and face the world as a solvent railroad, operating with its own checkbook instead of hiding behind a federal court trustee. I don't mean this unkindly. I just want to point out that competent legal and financial authorities have decided the Missouri Pacific is now able to discharge all its just obligations — and one of the top obligations of a railroad is to live equitably and honorably with the cities through which it passes.

Hope is going to do its level best to help Texarkana retain its big mail terminal, thereby expecting to avert loss of mail revenue and passenger service on the Missouri Pacific main line through here. It's no more than we ought to do, of course.

But sometimes it seems very difficult to convince the Missouri Pacific that civic work is a round-trip ticket. We got a makeshift, wartime underpass at Hervey street which has never been replaced as promised; and the crying need and persistent agitation for a second underpass on the east side of town are simply ignored.

Well, what about it?

If we have to get tough we might suggest that the City of Hope look into the title under which the Missouri Pacific occupies part of Division street with its passenger depot and platform.

They don't allow public alleys to disappear — but it's all right to whittle down a whole street.

Am I glad I cleaned out the "Miscellaneous" file last night!

**Steel Owners, Union Talk Contract**

PITTSBURGH (AP) — U.S. Steel Corp. and the CIO United Steel workers got down to brass-tacks bargaining today as contract talks open with three other basic steel producers.

Getting under way are negotiations with Jones & Laughlin Steel Corp. at Pittsburgh, Wheeling Steel Corp. at Wheeling, W. Va., and Crucible Steel Co. of America at New York City.

Headed by President David J. McDonald, USW negotiators met with officials of U.S. Steel for the second straight day yesterday to discuss 1954 contract demands on the nation's No. 1 steel producer.

It is expected the sessions will continue for the rest of the week and then adjourn to permit the company to study union proposals and prepare its answer.

Objectives of the USW include a guaranteed annual wage and an unspecified pay increase for some 600,000 members in basic steel now averaging between \$2.14 and \$2.24 an hour.

**Presbyterian To Recognize Young People**

The Presbyterian Church will have a special service for youth Sunday morning at 10:55.

Special recognition will be given the three young people of the Church who are graduating from the local high school.

Paula Raley, Jimmy Branch and David McKenzie. James H. Miller, superintendent of the Sunday School, will present copies of the Revised Standard Version of the New Testament to these three graduates.

The subject of the sermon will be "Let Her Drift." The special music will be an anthem "Thy Word Is A Lantern Unto My Feet" with Paula Raley as soloist.

## Costello Tumbles de Valera in Ireland Vote

DUBLIN, Ireland (AP) — John A. Costello's coalition today tumbled Prime Minister Eamon de Valera from power by winning control of the Irish Dail (Parliament).

Nearly complete tabulations of Tuesday's election results showed de Valera's Fianna Fail (Men of Destiny) party had lost any mathematical chance of gaining a majority in the 147-seat dail.

The latest standings showed de Valera's party had won 61 seats to 74 for the coalition. Four seats went to independents of the other eight seats, five remained to be counted and polling for three was put off until May 26, because of the death of candidates.

Faithna Fail polled about 10 per cent fewer votes than it did in the last general election three years ago. Observers attributed this decline to a housewives' revolt against rising prices.

The coalition parties split their seats as follows:

Fine Gale (United Ireland) — 49, Labor — 17.

Clan Na Talian (Farmers) — 5, Clann NaPoblaht (a Republican) — 3.

The independents are divided between de Valera and Costello.

Irish political leaders never conceded an election till the last ballot is counted. It was evident from the gloom at Fianna Fail headquarters, however, the decision had been reached and that de Valera, now 71 and nearly blind, was out.

## Hanoi Panicky as Reds Move Even Nearer

HANOI (UP) — The Vanguard of Communist Gen. Vo Nguyen Giap's victorious Red army approached the outer defenses of the Red River delta today.

Hanoi, the key to French defenses in North Indochina, was near panic.

Corsair fighters ranging west along colonial route 41 said the advance elements of the Communist hordes which crushed Dien Bien Phu have pushed three miles beyond Moc Chau. They now are only 75 miles from Hanoi itself.

These troops were described as the vanguard of four divisions moving eastward after their victory at Dien Bien Phu.

Rumors swept Hanoi that chief of staff Gen. Paul Elly had arrived to direct the French evacuation of Tonkin province in which Hanoi is located.

Communist leaflets circulated through the native quarters saying that Giap was about to launch a sweeping offensive against the rice rich delta.

Other propaganda leaflets claimed the Hanoi-Haiphong highway and railroad, which connect this inland capital with the sea, will be cut shortly and the city isolated.

**CHILD KILLED**

MANILA (AP) — A 5-year-old Manila girl was struck and killed by a truck last night as she crossed Highway 77, four miles south of here.

Deputy Sheriff Lee Baker identified the victim as Jennie Holt. The names of her parents were not available.

Baker said the truck was driven by Sammie Moore of Manila. Officers had no other details of the accident.

## Finds Dreams of Youth Lose Their Glamour and Become Nightmares in Old Age

NEW YORK (AP) — Do you have a simple-footed retirement plan? If not, I think I have one that may interest you. Wait! Don't run away. This won't cost you anything.

Here is what is wrong with most retirement plans:

1. A man retires and discovers his pension is really only peanut money. He then has the problem of convincing his wife that peanuts not only taste good but are even more nutritious than steak.

2. Or a man skimps all his life, figuring he will save enough money so that he can retire and do all the fine carefree things he dreamed of doing when young. Then he makes the sad discovery that the dreams of youth lose their glamour and become nightmares in old age.

A man nearing 60 put his situation to me this way the other day: "Retirement looks wonderful to a man in his 30's or 40's, but as you actually get nearer to it you begin to see it as a pitfall."

## Woman Killed Dodging a Kiss

LANCASTER, Pa. (AP) — An attempt to avoid being kissed by her brother-in-law cost Mrs. Dorothy Walton, 24, her life yesterday, said Police Chief Frank Horner.

He said the brother-in-law, Warren N. Sharpe, 31, of Lancaster, was walking Mrs. Walton to her home when he tried to kiss her and she darted into U. S. Route 72 and was hit by a car.

Dist. Atty William C. Storb exonerated the motorist Sharpe was arrested on a charge of intoxication.

## Mundt Says McCarthy Will Return

WASHINGTON (AP) — Sen. Mundt (R-SD) voiced a "guess" today that Sen. McCarthy will not boycott resumption of the McCarthy Army hearings now scheduled for Monday.

Mundt had just come from a closed door talk with McCarthy, but he said this had not been discussed between them.

McCarthy himself has left in doubt what course he might follow. He contends his side faces a "stacked deck" situation because of President Eisenhower's ban on testimony from government officials about confidential talks with the administration on the McCarthy-Army row.

Mundt said he plans now to go ahead Monday with hearings and that "I wouldn't anticipate any more recesses" as long as the current week's one.

A reporter asked Mundt about speculation that McCarthy might refuse to participate in the resumption.

"Do you expect McCarthy will be there Monday?" the reporter asked.

"If I were going to guess, I'd guess yes," Mundt said, but emphasized he was not basing that on any commitment from McCarthy.

McCarthy himself told reporters after the talk with Mundt that he still is at a loss about his next move.

McCarthy, who calls the presidential order a "gag" said of it: "It is ridiculous beyond comprehension to have the President and the secretary of the Army say they want all the facts on the table in these hearings and then have them support this order."

## Liquor Dealers Fear Advertising Ban

WASHINGTON (AP) — A liquor industry spokesman today called a bill to impose a nationwide federal ban on interstate liquor advertising "a step to the return of national prohibition."

As opponents of the proposal took their turn before the House Commerce Committee, R. E. Joyce, vice president of the Distilled Spirits Institute, appeared as an industry spokesman, declared in prepared testimony:

"This bill should be recognized for what it really is—a clever attempt to erect a sizable obstacle in the path of orderly sale of alcoholic beverages as a step to the return of national prohibition by a minority who, if they had their way, would completely prohibit the manufacture and sale of the product."

The current hearing represents the fifth time since 1947 that Congress has considered measures to bar interstate dissemination of alcoholic beverage advertising in newspapers and magazines, and over radio and television.

Turta acquired part of the land in 1911 and the remainder in 1918 from Mike Podgorny, who had purchased the tract in 1908 from the railroad. A clerk in the land title office here erred in drawing up Podgorny's title, reserving to the railroad the rights to "all coal" subsequently found out omitting the words "and petroleum."

The error went unnoticed until Alberta's oil boom. In 1943 the deed was changed to read: "Reserving unto the CPR all coal and petroleum."

The CPR leased the land to Imperial Oil in March 1951. Turta went to court.

In May 1952, the Alberta Supreme Court ruled in the farmer's favor.

Justice W. G. Egbert held the land titles office did not have the authority to change the deed.

The Appellate Division of the Alberta Supreme Court upheld Justice Egbert's ruling and the Supreme Court of Canada agreed yesterday.

"For years I have been putting away dough so that my wife and I could take a trip around the world when I retire. But lately I've been thinking what a nuisance it would be going through European museums gawking at pictures I don't like being explained to me by a guide who learned his English by reading old copies of the National Geographic."

"Work has always been the real hobby of sensible men. The closer I get to retirement the less my daily routine looks like a rut, and the more it looks like a friendly bomb shelter. I even hate to tear the page off my desk calendar."

## Nicaragua Ends Relations With Guatemala

WASHINGTON — Nicaraguan Ambassador Guillermo Sevilla Sacasa said today his government broke relations with Guatemala yesterday, charging that Guatemala had violated an agreement by spreading Communist propaganda in Nicaragua.

The ambassador's statement confirmed earlier word from other sources here that the diplomatic break was not directly related to a recent arms shipment from Communist Poland which President Eisenhower described yesterday as "disturbing."

But it obviously provided additional backing for the view that the Nicaraguan move would help speed up showdown on the whole situation in Guatemala, for months the target of accusations of pro-Communist activity.

Sevilla Sacasa told a reporter his government handed passports to the Guatemalan ambassador in Managua at 3 p. m. yesterday, along with a note explaining the action.

Nicaragua's government long has been at odds with the regime in Guatemala, accusing it of pro-Communist activities. The reaction here has not been greatly different. The State Department has often accused the government of President Jacobo Arbenz of clearing the way in Guatemala for full cooperation with the Communists.

The State Department has sent reports of the "important" arms shipment to every American embassy, apparently to feel out sentiment about calling the countries of this hemisphere into consultation on some course of action.

First reports here gave no details on Nicaragua's move but dispatches from Guatemala said the whole Nicaraguan diplomatic delegation flew home suddenly yesterday on orders from Managua. Guatemalan officials said they did not even have official word the envoys were going, but one source said the Guatemalan ambassador to Managua was expected to return to Guatemala today.

## Omission of 2 Words Brings a Fortune

EDMONSTON, Alta. (AP) — Omission of two words from a land title deed 46 years ago spelled out a fortune today for Anton Turta and his son Nick, who farm in the heart of Alberta's Leduc oil field about 20 miles south of here.

The two hold title to 160 acres of land on which mineral rights have been valued at more than one million dollars.

After a two-year legal fight, the Supreme Court of Canada yesterday dismissed claims by the Canadian Pacific Railway (CPR) and Imperial Oil Ltd. for the oil rights on the land.

Also benefiting from the ruling were the Montreal Trust Co., which holds a lease on Anton Turta's portion of the land, and William Sereda, who holds a lease on the other half.

Turta acquired part of the land in 1911 and the remainder in 1918 from Mike Podgorny, who had purchased the tract in 1908 from the railroad. A clerk in the land title office here erred in drawing up Podgorny's title, reserving to the railroad the rights to "all coal" subsequently found out omitting the words "and petroleum."

The error went unnoticed until Alberta's oil boom. In 1943 the deed was changed to read: "Reserving unto the CPR all coal and petroleum."

The CPR leased the land to Imperial Oil in March 1951. Turta went to court.

## Blevins Leads in Number of X-Rays Given

The most successful clinic of the week was held at Blevins, Wednesday morning. Two hundred and fifty x-rays were given.

Giving volunteer service at this clinic were Mrs. Ralph Boyce, Mrs. V. Hampton, Mrs. Joe Hunter, Mrs. Raymond Honea, and Mrs. Baily Warman. Arrangements for the clinic were made by Mrs. Ralph Boyce.

Wednesday afternoon the mobile x-ray unit was stationed at McCaskill. Local arrangements were made by Mrs. Chester McCaskill. Sixty-five x-rays were given.

The unit will be in Hemstead County two more days, at the county courthouse, on Thursday and Friday, from nine until twelve in the mornings, and one to five in the afternoons.

X-rays are given at the rate of two each minute, making it possible for many more to receive x-rays than have been coming to the clinic.

Mrs. Inez Turner health nurse, and Mr. Charles Reynerson, chairman of the county Tuberculosis Association, invite all citizens fourteen years or over to visit the clinic for this free service, cheerfully given by the technicians, Mr. and Mrs. Leet.

## Brookwood Class Takes Train Ride

Third grade students of Brookwood School, under supervision of Mrs. Elmer Brown, had a big day Tuesday with the entire class attending a big outing.

The group left by auto at 9 a.m. Seven cars driven by mothers visited an ice cream plant in Texarkana. The students were shown through the plant and given ice cream bars to eat.

Then they went to the Missouri Pacific Station where officials handed out candy bars and told the students all about the train which they would ride.

It was all aboard at 12 noon and the class was shown through the train which arrived in Hope at 1 p. m. Meanwhile mothers had driven the cars back to Hope and met the students when they arrived. The youths were taken to the Coliseum where lunch was served and games enjoyed by all.

## Copter Crashes, Pilot Unhurt

WALNUT RIDGE (UP) — An army helicopter crashed in Arkansas late yesterday, but the pilot walked away from the wreckage.

The crash occurred in a remote wooded area about 10 miles east of here. Details of the crash were not made known until last night when another copter pilot and the pilot of the wrecked machine arrived here to report to their base at Fort Bragg, N. C., by telephone.

The two helicopters were enroute from Fort Bragg to Fort Sill, Okla. when the machine piloted by Warrant Officer Phillip Hohertz developed engine trouble and he attempted to make a crash landing in a rice field. He overshot the field and crashed in the woods.

The pilot of the other machine landed in the vice field and went into the woods in search of Hohertz.

He met Hohertz hiking out of the woods, uninjured but for a few minor bruises.

The helicopter, Hohertz said, was wrecked beyond repair but the parts were "salvageable."

Army officials planned to visit the scene of the crash today to inspect the wreckage.

## Sister of Local Woman Dies

Mrs. H. F. Herrell, age 50, died Tuesday morning in a Shreveport hospital.

She is survived by her husband, two daughters, Mrs. Richard Blake of Shreveport and Mrs. E. N. Wood of Tokyo, Japan, and two sisters, Mrs. Clyde May and Mrs. Ivy Sutton of Hope.

Funeral services will be held today in Shreveport.

## British to Shun Coalition Plan, Strain Relations

By JOHN M. HIGHTOWER  
WASHINGTON (AP) — Any initial coalition formed to deal with the war in Indochina probably will be set up without the British, and officials here fear this will impose new strains on American-British relations.

U. S. authorities said today this government would not under any circumstances ease to hope and work for an active British role in the united front which President Eisenhower and Secretary of State Dulles are trying to create.

But present British policy bars any commitments until the outcome of the Geneva conference on an Indochina armistice is known. That may be many weeks away.

The United States, and apparently France and several other interested nations, are not willing to wait that long. If other problems can be solved, it is possible that some kind of informal coalition can be set up in the next three or four weeks.

Eisenhower told a news conference yesterday he thought that a workable united front could be arranged provided the proper Asian nations and Australia and New Zealand would join.

State Department officials are confident those qualifications can be met, once various preliminary events are out of the way.

One of these is the development of an understanding with the French as to the conditions under which the United States might intervene in the Indochina war as a member of an alliance. Another is the forthcoming election in Australia May 28, American time, after which the Australian government may quickly harden its own policy lines.

Today, after his meeting with the National Security Council, Eisenhower was due to receive New Zealand's foreign minister, T. Clifton Webb, on his way home from the Geneva conference, together with Secretary of State Dulles and New Zealand's envoy here, Ambassador Leslie Knox Munro.

That conference afforded the President an opportunity to use a little personal diplomacy in behalf of the coalition project, to which New Zealand so far has appeared to give sympathetic interest.

One of the Indochina problems which worries U. S. policy makers and is at the post of American difficulties with Britain is the speed with which the enemy's military presence is developing in the Viet Nam is developing if the United States purpose of creating an area of strength to offset the Communist-led rebels' move toward Hanoi is to be effective, Dulles reportedly believes they must be taken fairly fast.

The United States has not yet guaranteed any intervention in the war. Conditions which would have to be met first are congressional approval and the existence of a united front, perhaps even United Nations action.

## Law 5% Insurance Firms Make 15%

LITTLE ROCK (AP) — Preliminary estimates indicate that stock fire insurance companies in Arkansas earned 13 to 15 per cent profit last year.

As a result, State Insurance Commissioner Harvey G. Combs said yesterday, the companies probably will be ordered to reduce their rates by about a million dollars a year.

Arkansas law allows a five per cent profit for insurance companies.

## Fate of Peace Talk Deadlock Is Discussed

By EDDY GILMORE  
GENEVA (AP) — Top diplomats at the Geneva conference held a series of private talks today which may determine the fate of the deadlocked Indochina parley. The United States was reported ready to write off the negotiations as a failure unless the Communists drastically change their line.

Formal negotiations were suspended for the day. The latest snarl was due to continued French demands that the Communist "resistance governments" of Laos and Cambodia be invited to Geneva. The Western powers regard these as phantom regimes with no following and no right to representation.

One high Western source here, knowledge Western diplomats had given some thought to the question of breaking off the talks, the source said it was impossible at this stage to see any sign the Communists were going to agree to anything.

The U. S. delegation was represented as feeling the Indochina discussions were getting nowhere. The Americans were said to be reluctant to break up the conference, however, until the French feel all possibilities have been exhausted.

Negotiations dragged to a complete stand still last night after three long secret sessions between the nine participating delegations. A proposal by British Foreign Secretary Anthony Eden for a one day "cooling off" period was accepted and the talks were suspended until tomorrow afternoon.

**Columnist Says He Just Burned Letter**

NEW YORK (AP) — Columnist Walter Winchell said today he had burned a copy of the secret "FBI letter" given to him under mysterious circumstances at the time it set off an uproar in the McCarthy-Army hearings.

Winchell, who termed it "very dull reading," said he destroyed the copy after consulting various government officials, and after the attorney general ruled it contained security data.

However, he said he had been informed that about 35 copies of the so-called 2 1/2-page "letter," summarizing a classified FBI memorandum, were in circulation.

He said he understood that newspaper people have most of them. Winchell earlier had related in his syndicated column how someone handed him the copy during a recess in the Washington hearings.

Asked about the whereabouts of the letter today, Winchell said he destroyed it since "no one asked for it back."

"There was just nothing to it," he said. "After all the fireworks, if it were made public, the result would be quite a letdown, I assure you."

"In my opinion, it was pretty routine stuff. There was nothing to it but a list of names. If I were told right now that I could print the list I don't think I would even use it."

"The 'letter' was produced at the hearing by Sen. Joseph R. McCarthy (R-Wis.) who claimed it contained warnings of Communist espionage in radar laboratories and that the Army had ignored it."

McCarthy said he got it from an Army intelligence officer. He said the "letter" was written by FBI Director J. Edgar Hoover.

The Army, after searching its files, replied later that the "letter" was a "perfect phony."

It turned out, according to subsequent testimony, that it was not a Hoover letter but cut down version of a 15-page, 1951 FBI memo on the question of espionage at Ft. Monmouth, N. J. In some cases it had notations not contained in the original document.

**80 More Wounded Released by Reds**

By LARRY ALLEN  
HANOI, Indochina (AP) — At least 80 more wounded were expected to arrive here tonight from captured Dien Bien Phu as the French mobilized all available helicopters and light planes to speed the mercy shuttle.

Coincident with the step-up of evacuations, the French intensified their air assaults on rebel troops moving out of Dien Bien Phu along the 70-mile highway leading towards the strategic Red River Delta, seen as the next Vietnam target.

**Cool Weather Sweeps State**  
LITTLE ROCK (AP) — Temperatures dropped into the mid-30s in northwest Arkansas early this morning reaching 38 degrees.

The U. S. Weather Bureau here said that while the temperatures didn't set a record, they were exceptionally cool for this time of year.

A mass of cool air moved into the state from a high pressure area of the north of Arkansas the bureau said.

Rainfall in the state was skimpy and scattered yesterday with most recordings under a tenth of an inch.

The highest temperature yesterday was 83 degrees at Arkadelphia.

Clear to partly cloudy skies and no important temperature changes were forecast for tonight and tomorrow.

**TO ADDRESS GRADUATES**  
PINE BLUFF (AP) — Dr. Charles Leander Hill, president of Wilberforce University in Ohio, will deliver the baccalaureate address to 214 graduates at the 79th annual commencement at Arkansas AM and N College here Sunday. Governor Cherry will deliver the commencement address.

## Rejects Ike's Request for Liberal Loans

WASHINGTON (UP) — The Senate Banking Committee today rejected President Eisenhower's request for more liberal government-insured home improvement loans.

The committee also voted to make banks more responsible in curbing the defrauding of homeowners on home improvement loans that the maximum government-insured loans for home improvement be raised from \$2,500 to \$3,000 and the repayment time lengthened from three to five years.

In an attempt to protect homeowners against abuses, the committee voted to make banks share the risk on home improvement loans. The loans, in effect, now are guaranteed 100 per cent by the government. The banks, therefore, could not lose any money no matter how bad the loan. The committee decided that hereafter the government should guarantee only 85 per cent of the loan, and the lender assume a 15 per cent risk. Meanwhile, Mr. Eisenhower told his news conference he was high-

## SUGGEST BILL

LITTLE ROCK (AP) — The 1955 Legislature will be asked to pass a bill to license experienced and qualified druggists who cannot become registered pharmacists. The Arkansas Pharmaceutical Association approved the measure at its convention here yesterday after Gordon C. Hunt, a member of the State Board of Pharmacy, said such a law would raise the standards of the drug industry in Arkansas.

## PRESCOTT NEWS

A. Offert installed H. McKenzie, president, at the May meeting of the Parent Teachers Association which was held Thursday at the elementary school. A resolution on "Ideals" was passed by Mrs. L. L. Buchanan, G. G. Hairston, Program Chairman, expressed her appreciation to all who have co-operated so far in presenting programs. Fourth grade pupils of Mrs. Hays gave two musical numbers of the last meeting and the Executive Board meeting were held by Mrs. Carl Dalrymple. A letter from Mrs. Floyd Hallom, Jr. was read by Mrs. Dalrymple. The PTA membership was also read by Mrs. Dalrymple. Mrs. Buchanan gave the financial report. It was voted to give \$15 to each school for the year.

ren to make a good citizen, get along with others, enjoy life, and be a credit to home, school, and community. We want our children to have good health, moral homes, religious homes, and an opportunity to live in a good community.

Mrs. F. A. Escarre announced the Summer round-up which will be May 20, 9 to 12 a. m. at the Methodist Church. This is for children who will begin school this Fall.

Mrs. Dalrymple read a list of the Officers and Committee Chairmen for 1954-55. Mrs. Oswald installed the following Officers: Mrs. J. R. Bemis, President; Mrs. Frank Hallom, Jr., first vice president; Mrs. Carl Dalrymple, second vice president; Mrs. O. W. Watkins, treasurer; Mrs. J. T. Worthington, secretary; Mrs. Frank Gilbert, historian and Mrs. H. H. McKenzie, parliamentarian. Mrs. Milford Daniel resigned as corresponding secretary and this office will be filled in September.

The Committee Chairmen are: Membership, Mrs. C. W. Eley; Program, Mrs. Carl Dalrymple; Parent Education, Mrs. Vernon Buchanan; Year Book, Mrs. Frank Hallom, Jr.; Sunshine & Nursery, Mrs. George Christopher; Character & Spiritual Life, Mrs. L. L. Buchanan; Publicity, Mrs. J. G. Westmoreland; Library & Visual Aid, Mrs. Floyd Hubbard; Hospitality, Mrs. W. G. Bensberg; Health, Summer Round Up, Mrs. F. A. Escarre; Magazine, Mrs. E. Adam Literature & Publications, Mrs. Jack Harrell; Safety, Mrs. Jim Nelson.

A past president's pin was presented by Mrs. Hallom to Mrs. McKenzie who expressed her appreciation to all who have helped make the work a success and her part as president a pleasure.

The following were winners in the room count: Primary, Mrs. Clara B. Stone; Park Elementary, Mrs. H. F. Dildy.

### Reese, Rizzuto Tops Defensively

NEW YORK (AP)—Shortstops Pee Wee Reese of Brooklyn and Phil Rizzuto of the New York Yankees can be called "old" as ballplayers go, but if their defensive showing this season is any indication, they're mellowing with age. Figures compiled by the Associated Press through Monday's games disclosed today that the 34-year-old Reese, a Dodger since 1940, is leading the National League shortstops in fielding with a .977 average.

Pee Wee has made only three errors in 128 chances and has participated in 11 double plays. Reese topped the senior circuit shortstops defensively in 1949 and was fourth last season with .966.

Rizzuto, 35, is the top man in the American League at his position with a .973 mark on four miscues in 150 chances. The Scooter, who was high man on defense in 1949 and 1950, has taken part in 10
